Artist *Biography*

Ibiza · Baku. Groove, warmth and a distinctly playful energy.

01 BIOGRAPHY

Based between Ibiza and Baku, STASSY is a tech house DJ whose sets are built on groove, warmth and a distinctly playful energy. Catchy vocals, Latin-tinged percussion and records chosen for the dancefloor sit at the core of her sound, and she reads a room with the instinct of someone who learned her craft on the island.

That story began in Ibiza in 2014. The island shaped her ear and her sense of what makes a night work, and it eventually led her to Baku, where she co-founded FOMO Baku and holds its residency.

Her bookings have since taken her to some of the most recognisable names on the international circuit. She opened for Adriatique at Adriatique presents X at [UNVRS] Ibiza, has played Blue Marlin Ibiza and shared lineups with ANOTR, Miguelle & Tons and Joseph Capriati. Beyond the island, she has appeared at Panorama Festival in Puglia and at Kiesgrube × Sonus in Düsseldorf.

Style is never an afterthought for STASSY. Music and fashion have always run side by side in her world, and her sets carry the same polish and personality as the way she presents herself: elegant, effortless and made for the night.

02 SELECTED HIGHLIGHTS
